Pre-screening - Michael to give pre-playing screening questions/weekly reminders

Add language of COVID to waiver

Thursday Night League Overview

Cost: The Thursday night league at Rundle will move from a weekly rate to a season rate. The board has taken this position to help prevent the spread of COVID to the league coordinators through cash transactions.

The one time league fee will be \$60 and will need to be paid prior to scores being submitted. Information on where and how to send the money will be coming out prior to the resumption of league.

The league will pay out 80% of the league fees. The other 20% will be set aside for the Hermitage Park project.

Membership: In order to participate in any EDGA leagues, you will need to purchase a \$20 membership. This will cover you for all EDGA leagues and tournaments. As well, the fee covers insurance for league as well as ongoing administrative costs.

Waiver: A waiver will need to be signed in order to play in any of the EDGA leagues. This waiver will cover normal liability as well as those related to the transmission of COVID.

Physical Distancing and COVID: EDGA is asking all participants to review screening questions prior to playing in league. However, as we know that some transmission has occurred from individuals who are asymptomatic, we are requiring that all participants abide by the league rules as they relate to the spread of COVID.

- Before play, we are asking that participants do not group up in the parking lot or around the practice basket. Please show up close to the time you intend to play. Remember we are using rolling starts this season.
- During play, please remain 6 feet away from your playing partners
- During putting, once you have began putting in the circle one area, please continue to putt out until the disc is in the basket. We do not want more than one player's putter in a basket at a time.
- Maximum of 4 players per group
- Scores will be submitted via screenshot to Scorecards@edga.ca

Scorecards – each group will be responsible for keeping their scores electronically and submitting to Scorecards@edga.ca . We Recommend using the PDGA app or Udisc. Scores will be posted to the website as normal.
